

AbbVie Clinical Pharmacology Research Unit Information Sheet

The health and safety of volunteers and employees is our priority. We have safety protocols in place to keep the unit as safe as possible.

Warthog

M26-216 Part 1 Group 3

Check In: 21, 22, or 23 Sep 2026

Study drug and design:

AbbVie is testing an investigational drug, which is not approved by the Food and Drug Administration (FDA) or any health authority, and is not currently available on the market. The investigational drug will be administered for the first time in humans. The objective of this study is to determine the safety, tolerability, immunogenicity, and pharmacokinetics (the amount of drug absorbed into your blood stream and how your body handles the drug) and to determine the effect of single and multiple doses of the investigational drug.

Minimum Subject Selection Criteria:

YOU may be eligible to take part in this clinical study if you meet the following conditions:

- ◆ Healthy men and women 18 to 55 years old.
- ◆ Females must be: permanently surgically sterile, postmenopausal for 1 years, or fertile and willing to practice study specific birth control.
- ◆ Average weight for height (BMI 18 to 29.9).
- ◆ Not taking any medications or herbal remedies or supplements.
- ◆ No history of any drug sensitivity or allergy.
- ◆ No history of drug or alcohol abuse within the last 6 months.
- ◆ No use of tobacco- or nicotine- containing products in the last 90 days.
- ◆ No blood or blood product donation in the last 8 weeks.
- ◆ No other study participation within the last 30 days.

Screenings at ACPRU in Grayslake

Screening dates: *(To find out if you are suitable to take part in this clinical study)*

- ◆ 24, 25, 26, 27, 28, 31 Aug 2026 and 01, 02, 03, 08, 09, 10, 11, 14, 15, 16 September 2026.
- ◆ **Additional screening dates may be available.**
- ◆ Screening appointments are between the hours of 7:00am and 11:00am and take approximately 3 hours.

Stipend:

- ◆ **Screening:** \$75.00. (No compensation if urine drug/alcohol/cotinine screen is positive or if BMI is out of range.)
- ◆ **Study:** Compensation of up to \$25,225.00 may be provided if selected and you complete the study.

AbbVie Clinical Pharmacology Research Unit Information Sheet

Study dates: *(Please note that these dates and times are subject to change)*

Must complete all periods and/or follow up visit(s).

CHECK IN 21, 22, or 23 Sep 2026 at scheduled appointment time.

CHECK OUT: 29, 30 September 01, or 02, October 2026 upon completion of all study procedures and discharge by Principal Investigator.

FOLLOW UP VISIT(S): 15, 22, 29, 43, 57, 85, 113, 141, 169, 197, 225, 253, 280 and 301 at scheduled appointment time.

(A follow up visit may be required for safety. If this occurs, you will be notified and compensated for your visit time and travel)

Please call our recruiting office at 1-800-827-2778 to schedule an appointment.
